Is it a built-in-loud-speaker or a pocket on the side? Is it pink and plastic? Glowing in the dark? Filled with water? Is it preppy or denim? Disco or racing? Hippie or executive? Well, we have got some good news for you (and that is really all of you). Our classic little stool. The original and first. The world leading Bill, is now available in all shapes, forms, materials and sizes. We call them B-Bitz and we are not kidding. We are standing right here in our full service factory in Markaryd, Sweden. Ready to deliver on your premises. With the highest possible quality (at the lowest possible price). Handicraft traditions since 1953

Your lifestyle is strictly personal. So is our B-Bitz manufacturing. After almost 50 years, we still do most of our work by hand. Hand sewn fabrics and leather, hand sawed wood and board, hand assembled products – always checked, inspected and controlled by people we love and trust. For us this is a lifestyle of it's own. For you it is a guarantee of the highest possible quality and flexibility. More expensive? We do not think so. Look closer at the details of each and every of our B-Bitz and tell us what you think...

b-bitz standard colours - Boltflex!

We can also provide you with exclusive qualities from Gabriel, Kvadrat and Eimo Leather.
We also have a special service for customers who prefer to use their own selected material.
