 Foot rest static load test BS 4875-1:2001, L3
 Seat and back static load test BS 4875-1:2001, L3
 Seat impact test BS 4875-1:2001, L3

As natural aluminium is a living material, it is very likely to dull while using. Regular care is therefore necessary to maintain its brilliance. Should you wish to revitalise it, we suggest you use this care kit. Small marks or irregularities, which might be visible on the surface, should not be considered as faults, but on the contrary as technical results of the nature of natural aluminium and its brushing and polishing by hand.
